2 July 1958

MEMORANDUM FOR: Assistant Director for Research and Reports
THROUGH: Chief, Economic Research, CRR
SUBJECT: Report on Trip to Air Force Ballistic Missile
Division, Inglewood, California and Field
[Redacted]

25X1A6a

1. On 18 June 1958, I visited the Air Force Ballistic Missile Division Headquarters at Inglewood, California, to discuss and solicit comments on a draft of a study prepared in response to a request from the Department of State. During this visit I discussed the problem with Colonel C. J. Glasser, Assistant Deputy Commander for Weapon Systems, and Colonel R. K. Jacobson, Directorate for WS 315A (Thor). After considerable discussion Colonel Glasser stated that the study covered the problem very well and that there was nothing he could suggest to improve the study. Since Chief, Economic Research and I had already talked with Colonels Cristadoro, Metzger, and Hall in the USAF Liaison Office in the Pentagon, all the directorates concerned with the USAF ballistic missile programs (Atlas, Minuteman, Thor and Titan) have been consulted on the problem.
